

FACULTY OF MANAGEMENT SCIENCES (COURSE PLAN / TYPICAL COURSES OFFERED)

This document only projects typical planned courses for any given semester. Students are advised to plan as close to this projection as possible. The Management of CASE has the full right of making any changes it finds necessary in best interest of students, faculty and institution.

Note 1: Errors / Omissions Accepted in This Document.

Note 2: Student are advised to kindly ensure that they email their individual problems to Program Manager (Engineering and Management Department) and Chairman (Engineering and Management Department).

Note 3: The courses offered in various specializations are rotated.

Others Notes:

1. Students receive necessary guidelines from department before and at the time of registration in each semester and in time table.

2. PhD scholars must contact the academic department for understanding course work requirement of their PhD degree.

3. Department offers some elective courses each semester. These courses can be taken as per the guidelines by the department every semester.
