DQE Phase-II Topic/Examiners Approval

Instructions: Student is assigned a research topic as part of DQE-Part II to judge his/her ability to perform independent literature search without any external help/support and present it. The student has a strict period of 30 days to submit a report on that literature search. Topics assigned are closely related to the area in which the student intends to do research to help him/her identify a research problem for his/her PhD.
